Featured Wine.

The Coonawara wine region was first planted to vineyard production in the 1860's and found a natural home for Cabernet Sauvignon due to its highly prized Terra Rossa soils. A vibrant blend of clay and limestone with excellent drainage and high mineral content.

Raidis traces its origins to Northern Greece, where Chris Raidis immigrated to South Australia in the 1950s. Chris made his way to the cooler climate Coonawarra region, where he met his wife Fran, in who they worked many Coonawarra vineyards before deciding to plant a small vineyard dedicated to Cabernet Sauvignon.

The Raidis Estate vineyard thrives in a unique climate for producing grapes that capture the essence of the land. Emma & Steve's 55 acres of vineyards were established in 2003, launching Raidis Estate Wines in 2009. Goats roam both Stevo and the Home Block vineyard,s ensuring balance and promoting biodiversity. consistently produces 50, 000 bottles each vintage.

Steve and Emma are a formidable team striving to make wines that speak their sense of place and are a regional favourite. They have a strong focus on ensuring their wine is showcased on wine lists and pride of place in the best esteemed retailers

We take pride in building relationships with local producers, along with showcasing their products. The cellar door radiates hospitality, where warmth, conversation, and tasting unite. We recommend you visit Raidis Estate whilst in the Limestone Coast.
